INFORMATIONS

TYPE
White

GRAPE VARIETIES
Riesling

CLASSIFICATION
IG Lisboa

WINEMAKING
Total destemming, light pressing, cold decantation, fermentation in stainless steel vats at a controlled temperature (15-16°C), for 15 days. In batonnage for 6 months.

TASTING NOTES
Enticing, bright yellow in color, this wine boasts an intense and rich aromatic profile with each of its components showing remarkable evolution with no loss of freshness, delivers a crisp mineral character as usual with this variety, a hint of floral and almond notes provided by aging. Refreshing acidity on the palate, medium-bodied, but precisely balanced in its alcohol content and also showing some floral notes, but above all with a lively and remarkably long finish.

FOOD PAIRING
Pairs perfectly with seafood, green salads, white meats, and soft cheeses.

REMARKS
Keep the bottle lying at a temperature of 10°C. Serve at 10°C.
